To whom it may concern

BEE Credentials: South African Courier Systems (Pty) Ltd

We have been appointed to assist our client, South African Courier Systems (Pty) Ltd with assessing their current B-BBEE score and with implementing their ongoing B-BBEE program.

South African Courier Systems is currently compiling their portfolio of evidence with our assistance. In this process we are applying the B-BBEE Codes of Good Practice, as published in the Government Gazette on 9 February 2007.

With regards to timing, South Africa Courier Systems will appoint an accredited verification agency by the end of July 2010 to conduct their annual B-BBEE verification.

South African Courier Systems should accordingly have a verified BEE Certificate as soon as the verification process is completed by the verification agency.

Please contact us should you have any enquiries concerning the B-BBEE status and credentials of South African Courier Systems.

Yours faithfully,

Elsa Frylinck
